The Milton High School Alumni Association is a non-profit organization

As you know, there is no more important gift that one can give than that of a quality education. For the past 15 years' thanks to your help, the Milton High School Alumni Association has been doing just that. Our scholarship fund has provided four scholarships in each of the last 15 years to deserving high school seniors and other Milton alumni who have decided to further their education. Providing these scholarships is expensive, but raising the funds necessary to do so could be easy, especially with your help. The newsletter you are reading has been sent to nearly 8500 alumni from the Milton Area School District. If each person who receives this letter would contribute just \$5 to our scholarship fund, we would exceed our goal. Five Dollars. That's it. For less than the price of lunch at a fast food restaurant, you can make a meaningful gift to our program and ensure that more members of the community receive the education that they deserve. Who knows, your \$5 contribution could help educate a future doctor, lawyer, professor, or maybe even a future president.

Your gift of \$5 could indeed change the world.
Won't you please send in a contribution today?

All gifts made to the Milton High School Alumni Association for scholarships are placed in a scholarship fund. While scholarships are awarded from the interest earned on the scholarship fund, the principal amount of your gift is used to grow the size of the scholarship fund so that even more scholarships can be awarded in the future. This means that your gift today not only helps those who need it now, but will touch the future of the community for years and years to come. It's an easy way for you to give something back to Milton.

Please help us change the world. Five dollars at a time.
